Dear Sirs

I have a coin "Tetradrachm of
Syracus" B. C. 405-345. Can you tell me has this
any value, if so could you tell where I might
get in touch with people who buy such coins

Dear Madam:

We doubt very much if you have a
"dekadrachm of Syracuse". You probably have
a tetradrachm. We can tell you nothing about
it without seeing it or seeing a fine impression
of it.

Very truly yours,

HW:JG
